

REVAL HASSAN SROUJI

Computer Engineering & Networks Student

Jeddah, Saudi Arabia | [+966 55 144 5539](tel:+966551445539) | reval.hassan@hotmail.com | [linkedin](#).

PROFESSIONAL SUMMARY

Computer Engineering and Networks student at the University of Jeddah with a passion for software development, AI, UX/UI design, and game development. Skilled in Java, Python, C#, HTML, CSS, and Linux, with hands-on experience in academic and personal projects involving web development, system design, and networking. A fast learner with strong analytical and problem-solving skills who enjoys building user-centered solutions and continuously expanding technical knowledge. Currently seeking an internship opportunity to apply and develop technical skills while contributing to real-world engineering projects..

EDUCATION

University of Jeddah

Jeddah, Saudi Arabia

Bachelor of Computer Engineering and Networks

Expected Graduation: 2029

TRAINING & EXPERIENCE

Huawei ICT Academy — HCIA-openEuler V2.0 Trainee

2026

- Completed hands-on training in Linux (openEuler) system administration, shell commands, and core networking fundamentals.
- Practiced configuring and troubleshooting Linux-based systems in a lab environment, building a foundation in open-source operating systems.

ACADEMIC PROJECTS

Calorie Tracking Application — UX Case Study

- Designed user flows, wireframes, and interactive prototypes in Figma, applying user-centered design principles to a mobile calorie-tracking concept.

Software Engineering Project — UML & SDLC

- Applied the Software Development Life Cycle (SDLC) methodology and UML diagrams to model system architecture and document design decisions for a software project.

Data Structures & Algorithms Project

- Implemented core data structures and algorithms in code to solve computational problems, with attention to time and space complexity.

CERTIFICATIONS

- Huawei ICT Academy — HCIA-openEuler V2.0 (2026)
- IBM SkillsBuild — Retrieval-Augmented Generation for Enhanced AI Outputs
- Google Cloud Learning Certificates

TECHNICAL SKILLS

Programming Languages: Java, Python, C#, C++, C

Systems & Networking: Linux (openEuler), Networking Fundamentals, Data Structures

Tools & Platforms: Git, Figma, Microsoft Office

Concepts: Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC)

LANGUAGES

Arabic — Native | English — Professional Working Proficiency
